72 **1. Roll Call**

73 Chair Jenn Weaver called the meeting to order at 9:03 a.m. A roll call was
74 performed. The Voting Members and Alternate Voting Members of the DCHC MPO
75 Board were identified and are indicated above. Chair Jenn Weaver reminded everyone
76 to sign-in using the sign-in sheet.

77 **2. Adjustments to the Agenda**

78 Chair Jenn Weaver noted that there was an adjustment to switch the order of
79 Item 7 and Item 8.

80 **3. Public Comments**

Chair Jenn Weaver asked if there were any members of the public signed up to speak. There were no members of the public signed up to speak during the meeting.

CONSENT AGENDA:

4. Approval of the October 11, 2023, Board Meeting Minutes

5. Agenda Item Submission Form Update

Chair Jenn Weaver asked for any comments or corrections to the consent agenda. Wendy Jacobs stated that her name along with Javiera Caballero and Leonardo Williams names were left off the October 11, 2023, Board Meeting Minutes. Wendy Jacobs suggested adding more salient comments to the minutes. Doug Plachcinski said he would take the suggestion into consideration. Michael Parker made a motion to approve the Consent Agenda. Damon Seils seconded the motion. The motion passed unanimously.

ACTION ITEMS:

6. 2055 Metropolitan Transportation Plan Schedule and Public Engagement Strategy
Kelly Fomenko, MPO Staff

Kelly Fomenko gave the background information for the Metropolitan Transportation Plan (MTP). Mrs. Fomenko reminded the MPO board that DCHC MPO and Capital Area Metropolitan Planning Organization (CAMPO) partner to create a single MTP and are both part of the Triangle Region, which is currently an air quality attainment area (AQAA). The AQAA, by court order must be in conformity until 2027. Therefore, the 2055 MTP must be adopted no later than February 2026 and follow the four-year update cycle. The first step in developing the updated MTP is to identify the

105 schedule and public engagement plan, which will be updated to the “public engagement
106 strategy”. The schedule is subject to change based on the needs as determined by the
107 engagement itself.

108
109 Michael Parker asked how the engagement strategy fits in with the county transit
110 plans. Kelly Fomenko and Nish Trivedi reminded the board that the transit plans are a
111 piece of the MTP and important for the fiscal restraints and are included in the MTP and
112 they are making sure everything is updated. Chair Jenn Weaver commented that the
113 MPO board should understand the cycle so we will be able to explain it to the new
114 members. Wendy Jacobs asked what type of resources the MPO had for public
115 engagement and commented on the need for translation to different language for the
116 engagement survey. Doug Plachcinski responded as we are developing the next
117 annual planning program, we will be specific about the resources and Spanish
118 translation for materials.

119 A motion was made by Camille Berry to approve the use of the public engagement
120 strategy. It was seconded by Javiera Caballero. The motion passed unanimously.

121
122 **7. Amendment #1 to the FY2024-2033 Transportation Improvement Program**
123 **(TIP)**
124 **Filmon Fishastion, MPO Staff**

125
126 Filmon Fishastion gave the details of Amendment #1 to the FY2024-2033
127 Transportation Improvement Program (TIP). The changes included the addition of
128 Funding to existing projects as well as adding new projects from the FY24 Call for
129 Projects. The amendment also includes carryover adjustments from FY2020-2029 TIP
130
131
132
133

Amendments 6, 9, 13, 14, 15, and 16, which were approved by the Board in previous meetings. Mr. Fishastion also stated two projects from the Item N are not being amended into the TIP at this time as they are not in the MTP and they were inaccurately labeled as being requested by the MPO; they are HN-0013 Erwin Road turn lanes, and HN-0014 Cornwallis Road turn lanes. Wendy Jacobs asked about the two projects not included, expressing Ellen Beckmann's concerns regarding a roundabout versus a turn lane approach. She asked if NCDOT would be including complete streets in that plan and would the cost be included in those projects. Doug Plachcinski explained that these projects have already gone to the State Board of Transportation and will need to be updated to reflect they were requested by Division Five. We believe that at some point in the past there were some preliminary conversations between Division Five and the City of Durham about potential congestion at the locations which yielded these projects. Mr. Plachcinski commented that information is now several years old and the MPO would like to like to go back and reconsider and go through an intersection evaluation process to determine the best way to control those intersections, as well as make sure that the projects contain complete streets elements that are in line with what the county and city expect for their projects.

A motion was made by Damon Seils to release the FY 2024-2033 TIP for public comment. The motion was seconded by Pam Hemminger. The motion passed unanimously.

8. 2055 Metropolitan Transportation Plan (MTP) Goals & Objectives Release for Comments
Andy Henry, MPO Staff

Andy Henry reminded the Technical Committee of the process to update the

Goals and Objectives for the 2055 MTP. The goals were attached, with there being eight goals and two to five objectives per goal that are used for many areas of work. Mr. Henry named several engagement components and dates for upcoming public comments and engagements. Mr. Henry discussed the schedule, stating the draft goals and objectives will be released today for DCHC and November 15 for CAMPO. The public engagement period will be November 15th to January 10, 2024.

Wendy Jacobs made a motion to release the MTP Goals and Objectives with the extension of the original engagement period to January 10th. The motion was seconded by Pam Hemminger. The motion passed unanimously.

INFORMATIONAL ITEMS:

9. Update Metropolitan Planning Area (MPA) Boundary and Adjusted (Smoothed) US Census Urban Area (UA) Boundary **Doug Plachcinski, AICP, CFM, DCHC MPO Executive Director**

Doug Plachcinski explained the MPO's responsibility for defining the Metropolitan Planning Area (MPA), which includes land area that is anticipated to be urban in nature for the next 20 years. This requires approval by the MPO and NCDOT and for developing an adjusted (smoothed) Urban Area (UA). The adjusted (smoothed) UA boundary is reviewed and approved by NCDOT and FHWA. Per the Estimated Schedule of Activities, the adjusted (smoothed) UA boundary for each MPO is due in its entirety (MPO, NCDOT, and FHWA) by December 29, 2023. The adjusted (smoothed) UA boundary must be included in the MPA. Mr. Plachcinski gave the MPO's updated MPA Boundary and Adjusted (Smoothed) US Census Urban Area Boundary and presented maps. NCDOT encourages MPOs to adopt the MPAs at the same time as the

adjusted (smoothed) UAs.

A motion was made by Michael Parker to approve the Metropolitan Planning Area and Smoothed US Census Urban Area Boundary. The motion was seconded by Javiera Caballero. The motion passed unanimously.

INFORMATIONAL ITEMS:

10. 2024 DCHC MPO Meeting Calendar
Kelly Fomenko, MPO Staff

Kelly Fomenko presented the proposed meeting calendar for the DCHC MPO Technical Committee and Board. This includes an adjustment to the typical meeting schedule for Technical Committee meetings and Board meetings. The Technical Committee reviewed the 2024 meeting calendar and requested consideration of alternate dates. A survey was sent out to staff members with alternate dates. With this new schedule, the TC is proposing to swap weeks, so the TC meeting comes before the Board meeting, to better meet the NCDOT designated deadlines. Technical Committee meetings would occur on the second Wednesday of the month and Board meetings would occur on the fourth Tuesday of the month, with the following exceptions: July & December would have no Technical Committee or Board meetings. Javiera Cabellero suggested waiting until the new members are seated. Pam Hemminger recommended accepting the dates so the new members would be aware that if they could not attend the meetings, they could not be seated on the Board. This would be effective January 2024.
