PRELIMINARIES:

Adjustments to the Agenda

Chair Mark Ahrendsen asked if there were any adjustments to the agenda. There were none.

Public Comments

Chair Mark Ahrendsen asked if there were any members of the public signed up to speak. There were no members of the public signed up to speak during the meeting.

CONSENT AGENDA:

5. Approval of February 24, 2016 Meeting Minutes

Chair Mark Ahrendsen asked if there was any discussion about the February 24, 2016 meeting minutes and the FY2016 Unified Planning Work Program (UPWP) Amendment #2. There were no questions or discussion. Chair Mark Ahrendsen asked for a motion to approve the February 24, 2016 meeting minutes and the FY2016 Unified Planning Work Program (UPWP) Amendment #2. Scott Whiteman made a motion to approve the meeting minutes and the Unified Planning Work Program (UPWP) Amendment #2. Margaret Hauth seconded the motion. The motion passed unanimously.

ACTION ITEMS:

6. Revised Final DCHC Methodology for Ranking Projects and Allocating Local Input Points
Lindsay Smart, LPA Staff

Lindsay Smart discussed the DCHC MPO's Methodology for Identifying and Ranking TIP Project Requests. It is the process that the DCHC MPO Board conducted in the summer and fall of 2015 for the NCDOT SPOT P4.0 Project Selection Process. The Methodology details how the DCHC MPO will conduct future steps in SPOT P4.0 process in the winter, spring, and summer of 2016. Lindsay Smart stated the MPO's Methodology for Allocation Local Input Points is coming back to the Technical Committee for a third time. Lindsay Smart stated the Methodology was re-submitted to the NCDOT Review Committee for review, and they provided feedback that requested the DCHC MPO Staff tweak the language. The DCHC MPO Staff made the requested changes, and resubmitted the Methodology on the same day. The MPO LPA Staff has received conditional approval on the Methodology as presented in the attachment. An attachment of the revised Methodology was provided and the changes were discussed in detail. John Hodges-Copple indicated as an example, if a project isn't unlikely to score well, we don't have to assign Local Input points to it. Lindsay Smart stated yes. Ellen Beckmann asked if there was any update on when the scores will be released. Lindsay Smart stated that there has not been any update. Chair Mark Ahrendsen asked if there were any questions for Lindsay Smart in regards to the Methodology. Ellen Beckmann suggested perhaps the schedule needed adjusting. Ellen Beckman asked when they have to submit Local Input Points by. Lindsay Smart stated June for the Regional category and August for the Division category. Chair Mark Ahrendsen recommended a motion be made to accept the approval and changes to the schedule. Scott Whiteman made a motion to accept the approval and changes to the schedule. Ellen Beckmann seconded the motion. The motion passed unanimously.

7. FY2016 Enhanced Mobility of Seniors and Individuals with Disabilities (Section 5310) Grant - FY2015 and FY2016 Call for Projects
Meg Scully, LPA Staff

Meg Scully stated the DCHC MPO LPA Staff is taking the 5310 Program funds out for a Call For Project for FY2015 and FY2016. This was previously done for FY2013/2014 funds, and funded four different projects. There is a total of \$477,026 allocated for the Durham Urbanized Area (UZA). The projects are

99 expected to improve mobility for seniors, and individuals with disabilities. There is an application package
100 that was part of the attachment which includes a proposed schedule for the process that will go to the
101 DCHC MPO Board in early April, with an application deadline of April 29th. Meg Scully indicated that with a
102 quick turnaround the applicants can know sooner, and bring it back to the TC. The Selection Committee
103 will review its scores at the end of May, and the Selection Committee will approve the scores in early June.
104 Meg Scully stated this was only an informational item and asked if there were any questions. Andy Henry
105 asked is this where some independent providers can compete for the projects? Meg Scully stated yes,
106 eligible applicants can include private non-profits. Currently, the grant has four recipients and they are
107 Transit Agencies: Durham County Access, Chapel Hill Transit, GoDurham, and Orange County's
108 Department on Aging. Meg Scully mentioned she believes people find it hard to meet the requirements on
109 some of the grants. There has been some interest from a non-profit who in prior years received funding
110 from the State. The State has now suggested they look to the MPO Board for funding since it's within the
111 UZA. The State really doesn't get any money. Some of the private providers want to buy vehicles which is
112 allowed, but the City doesn't want to hold lien on any of the vehicles purchased. As part of our Program
113 Management plan, we have suggested that this will not be a priority because it is not wise. There was
114 continued discussion on the Call For Project. Chair Mark Ahrendsen asked if there were any more
115 comments or questions. There were none.

116 **8. Goals/Objectives/Performance Measures**

117 **Andy Henry, LPA Staff**

118 The MPO Board released the draft Goals, Objectives, and Performance Measures for the public
119 input process and conducted a public hearing at their March meeting. The MPO LPA Staff presented the
120 attached documents to the Board at their meeting, including: the draft Goals, Objectives, Performance
121 Measures; a compilation of public comments; and a summary of the survey responses. The public
122 comment period and the survey will remain open through April 1st. Andy Henry mentioned he didn't have
123 an action item, only an update. Andy Henry discussed the attachments that included the Goals, Objectives,

and Performance Measures. The attachments included comments that were received to date, and a survey summary which included 800 responses. In the past, the number of responses received from surveys was 275 at most. Andy Henry shared some of the comments, and showed a Wordle word cloud that was created using them. Andy Henry stated the Board had a public hearing a couple of weeks ago, but there were no public comments. The DCHC MPO LPA staff has met with CAMPO staff, and mostly reviewed the Performance Measures. Since the Staff has reviewed only half of the Performance Measures, a final version is not available for today. Andy Henry stated he will be back in April with a draft final version. Chair Mark Ahrendsen asked Andy Henry which measurement he thought would actually be adopted. Andy Henry stated there are several alternatives in early fall, and at that time, we can adopt the Performance Measures because we will have values for them. Chair Mark Ahrendsen stated that hopefully they will be used to determine the alternatives. Andy Henry stated yes. Andy Henry noted the DCHC MPO LPA staff had a workshop at the Durham Station a couple of days ago. Lindsay Smart participated in the workshop, as did other LPA staff. As a result, a lot of good feedback was received. Andy Henry stated the Chapel Hill staff is trying to get a workshop to take place in Chapel Hill at the Hargraves Center, but haven't been very successful. Andy Henry stated the public comment runs through April 1st. Andy Henry stated there is no action for today, he is just providing an update.

9. Election of Technical Committee Officers for 2016

Technical Committee Nominating Committee

Chair Mark Ahrendsen stated Tom Altieri and John Hodges-Copple were on the Nominating Committee and he provided them with a slate of candidates for consideration of the Chair and Vice Chair positions. The Nominating Committee presented Vice Chair David Bonk for Chair and Ellen Beckmann for Vice Chair. Tom Altieri noted this is consistent with the rotation of officers as required by the MPO Bylaws. It was noted that Vice Chair David Bonk was not at this meeting. Vice Chair Mark Ahrendsen stated the nominations for Chair are David Bonk and Vice Chair Ellen Beckmann. Chair Mark Ahrendsen noted they could vote for them as a package. Kumar Neppalli made a motion to nominate David Bonk as Chair and

Ellen Beckmann as Vice Chair. Linda Thomas-Wallace seconded the motion. The motion passed unanimously.

REPORTS:

10. Reports from the LPA Staff **Felix Nwoko, LPA Staff**

Felix Nwoko had no additional report at this time.

Dale McKeel stated the Triangle Transportation Demand Management (TDM) Oversight Committee met yesterday and reviewed applications received for the TDM funding program. In the DCHC area the TDM Oversight Committee received applications from the programs that are currently funded, Chapel Hill-Carrboro, Duke University, UNC, and Durham County which is managed by GoTriangle as well as RTP. Dale McKeel stated the Committee has adequate funds to cover the requested funding amounts. The TDM Oversight Committee will get back together in a few weeks to finalize everything. Chair Mark Ahrendsen asked what was the schedule for making the final decision. Dale McKeel stated the meeting is scheduled for mid-April and the Board has to approve in June.

11. Report from the DCHC MPO TC Chair **Mark Ahrendsen, DCHC MPO TC Chair**

Chair Mark Ahrendsen has no report at this time. However, he shared his thoughts with regards to this being his last meeting with the TC.

12. NCDOT Reports

Richard Hancock, Division 5, stated there were no additional reports at this time. Chair Mark Ahrendsen asked about the contract status of the roundabout at Barbee and Herndon. Chair Mark Ahrendsen commented there was supplemental funding that was needed for it. Richard Hancock stated the roundabout will be re-let for July 2016 with new specs.

Ed Lewis, NCDOT Division 7, stated that the Churton Street access improvement project will be re-advertised again for April. The guardrail project was awarded and will be available on April 1st.

174 There was no additional report from NCDOT Division 8.

175 INFORMATIONAL ITEMS:176 **13. Recent News, Articles, and Updates**

177 There were no additional items to report. Chair Mark Ahrendsen shared some last words, stating
178 we've come a long way with this MPO TC and felt that it was doing great things and moving in a good
179 direction.

180 ADJOURNMENT:

181 There being no further business before the DCHC MPO Technical Committee, the meeting was
182 adjourned at 9:28 a.m.
