

AdvaNCe Transportation Together

Summer 2024

Who is AdvaNce NC?

A collaboration between NCDOT, the business community, and other private-public partners to explore transportation funding in North Carolina

Transportation is
valuable and improves the
lives of North Carolinians.

Improving the lives of North Carolinians

**Better safety
conditions**

**Stronger
economy**

**Improved
roads**

**Cleaner
air**

**More
transportation
options**

North Carolina's Transportation Funding

4 state revenue sources make up **75%** of state transportation funds:

State Motor
Fuel Tax

Highway
Use Tax

Sales Tax

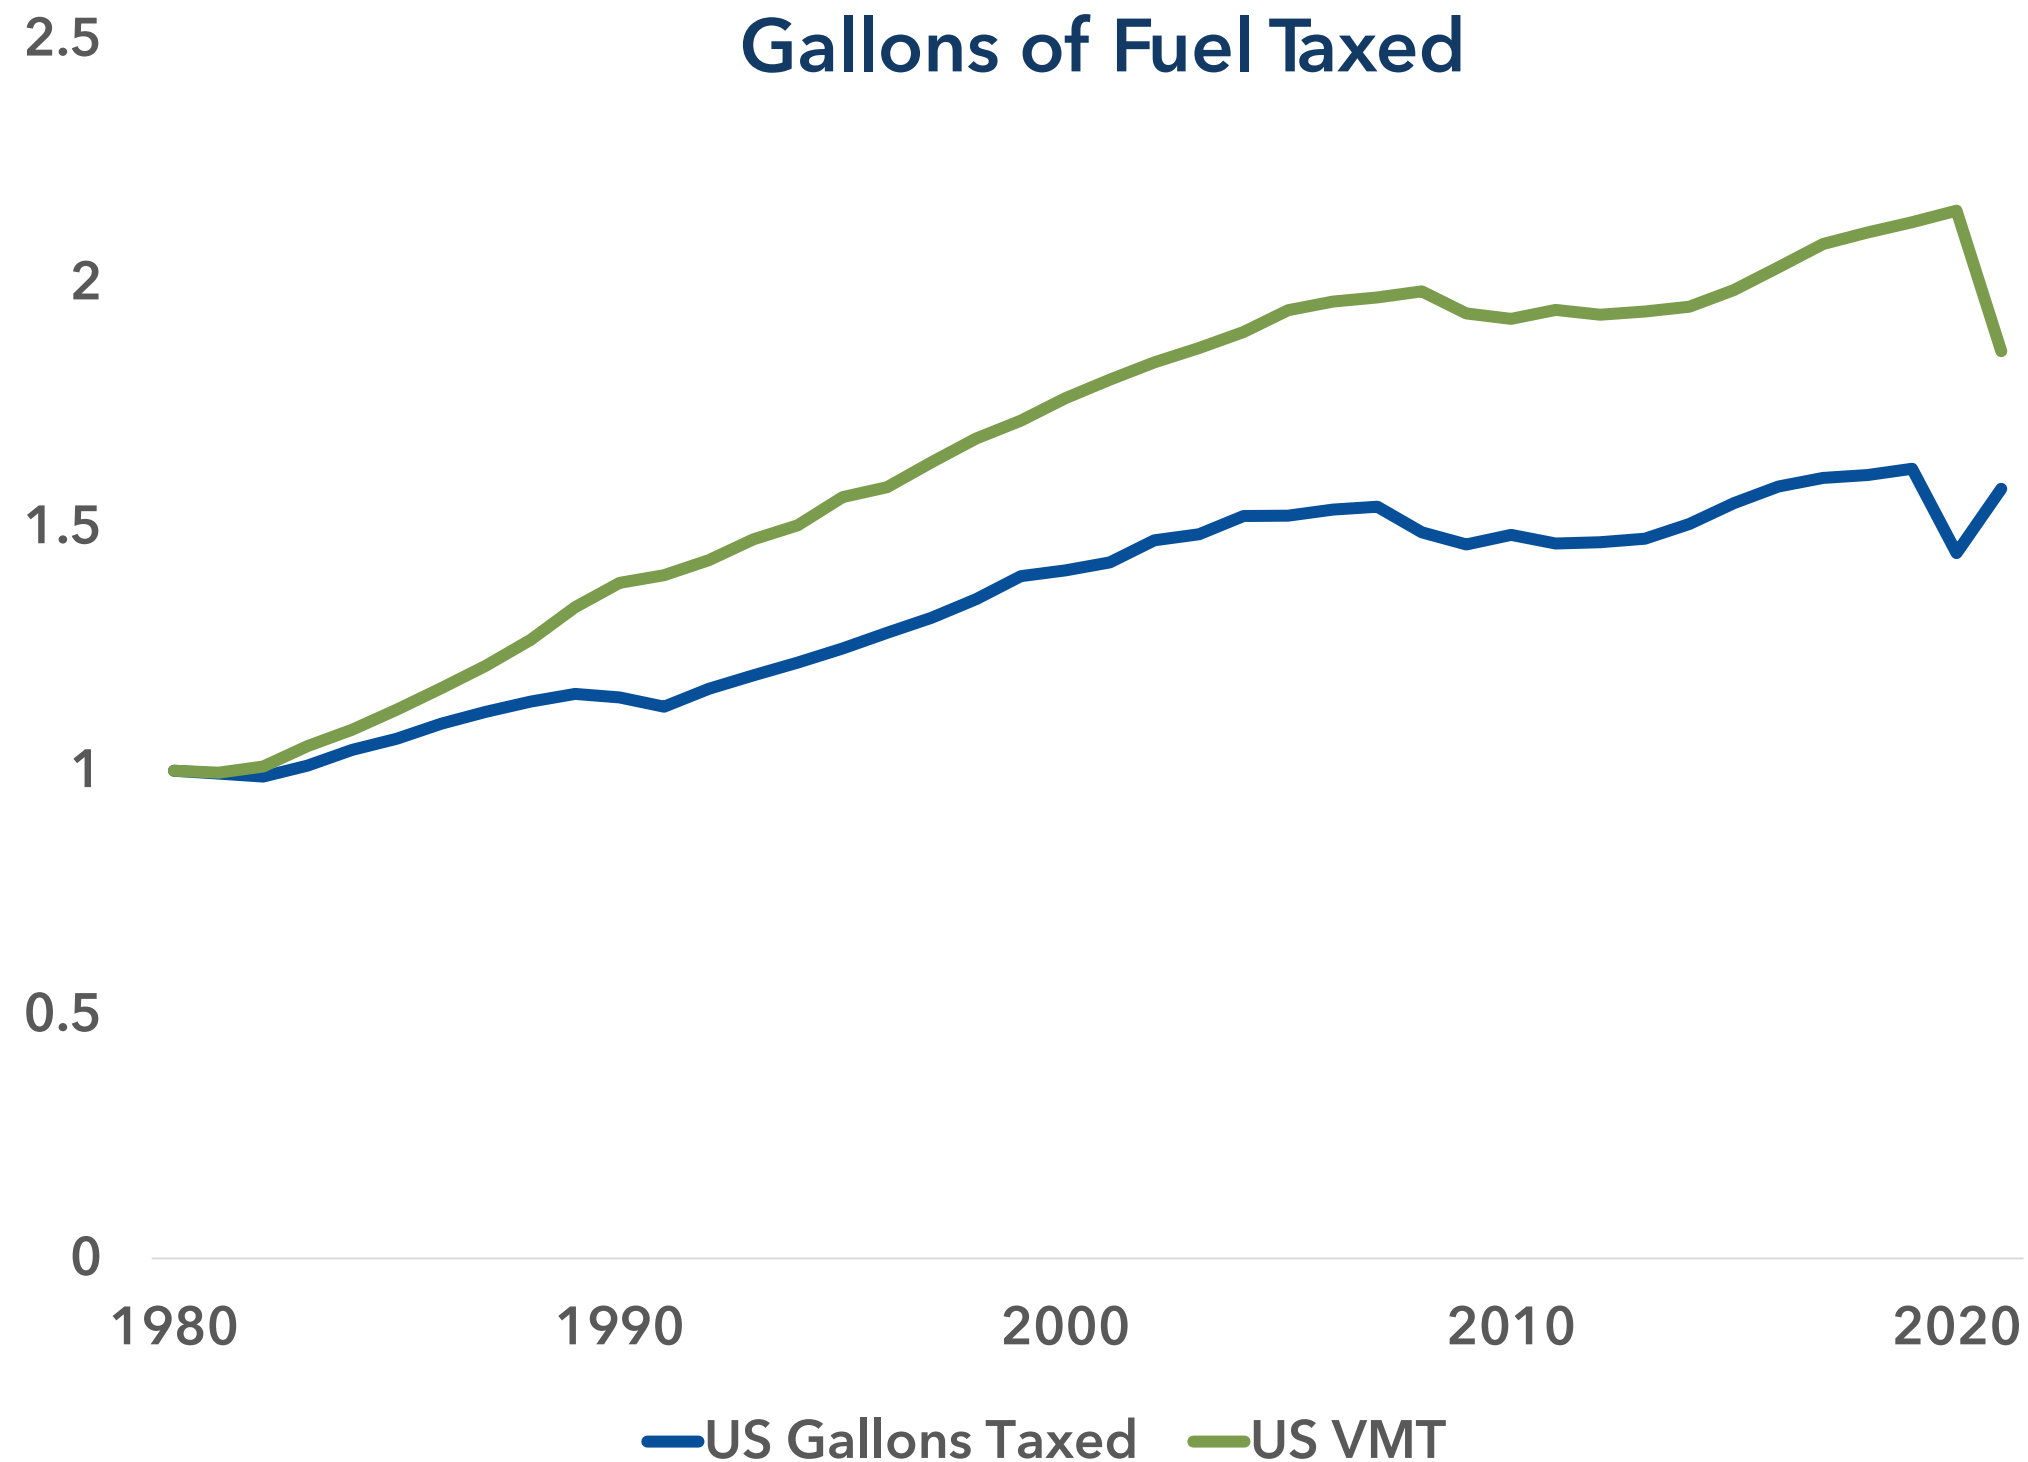

DMV Fees

The other **25%** comes from federal funds

Transportation revenues are declining

US Vehicle Miles Traveled vs.
Gallons of Fuel Taxed

Why?

Inflation

Growing population

Increased VMT

Fuel Efficiency

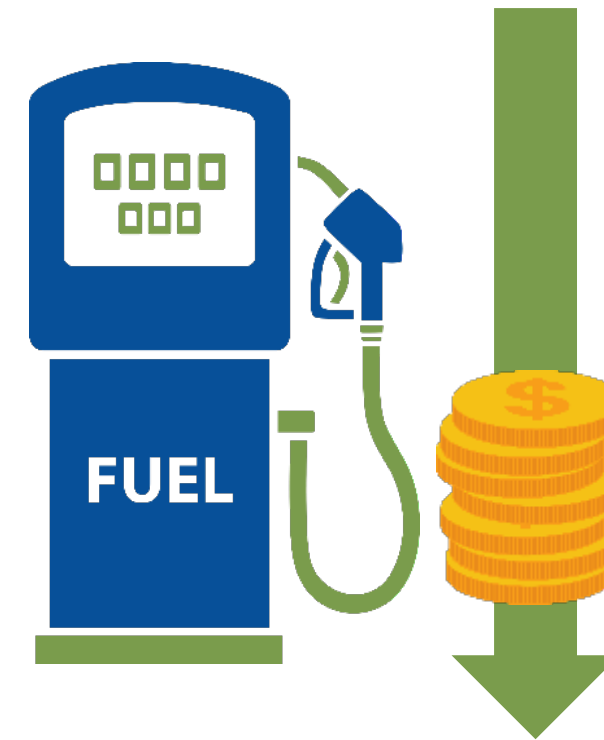

Higher Congestion

North Carolina is rethinking how we fund transportation

Gas tax is declining

Every time you fill up at the pump, you pay a tax based on how many gallons of fuel you buy – *the gas tax*

Vehicles are getting better gas mileage...and an increasing number of vehicles do not require any gas at all

North Carolina is rethinking how we fund transportation

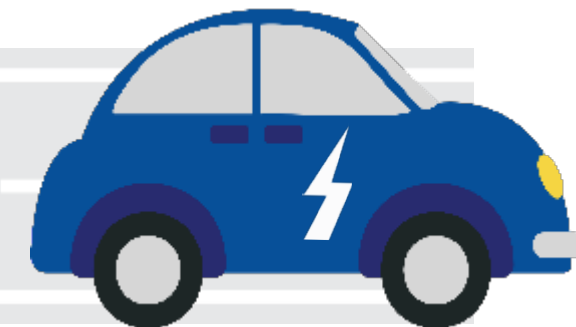

Some drivers are paying more to drive the same distance – *we are working to find a funding solution*

Potential Transportation Funding Options

- Implement a mileage-based usage fee (MBUF)
- Raise highway-use tax
- Increase motor fuel tax
- Modernize vehicle registration fees
- Raise sales tax
- Charge a transportation utility fee
- Increase tolling/managed lanes
